Why Delegates Love These Events!

“ The event is very **well run** and focuses on the attendees and making sure they get as much from it as possible. You don't want to **miss any sessions** because there are pearls of wisdom in every one. The presenters are all "**real life**" practitioners and not academics or people who have written books. It's real life examples delivered with **passion** and a **desire** to share. ”

Candy Clay,
Director, Kansas City Call Center
CVS Caremark

“ The conferences were full **packed with useful and innovative information**. You did a great job in organization and leading through the conferences as well as setting up the gala. The gala was a real highlight with superb entertainment! ”

Dr. Gerwin Zeibig, Head of Customer
Care & Quality Mgmt, Strato AG

“ Companies should send the best into the conference like this to **share and get ideas** - it should be part of their development and is huge motivational factor. ”

Lucie Prudka, Quality Control Supervisor
AVG Technologies CZ
(6 years in contact center industry)

“ Yes of course, this event has an **excellent prestige**. The more new top performers involved the most excellent information I will get from the event. ”

Evi Riawati,
Assistant Vice President
PT Bank Mandiri

“ Everyone seemed to connect and be so supportive of each other and the ideas generated and shared were **fantastic**. This is remarkable given the competitive nature of the industry and the conference itself. You and your team should be commended on **improving it every year**. I would like to continue having my teams participate and attend going forward. ”

Samantha Kanold,
Care Centre Operations Lead
Accenture Utilities BPO Services

“ I attend the odd Contact Centre conference form time to time. It's always the same speakers and they or their organization are not necessarily the best at what they do. **You only have the best so it is truly value for money!** ”

Antoine Casgrain, General Manager
St. George Bank Ltd.
(20 years in contact center industry)

“ If you are in Contact Centre this is a **must attend event** to learn and share best practices. ”

Reuben Canagaratnam, Regional Vice President,
English Caribbean, International Banking Contact Centres -
Scotiabank – Jamaica

“ The openness of all presenters was **refreshing**, and it was a **pure best practice** event. There's no point in re-inventing the wheel when so many great best practice ideas and initiatives already out there, and are freely available during the course of this conference. If you're a customer service leader who wants to evolve your contact centre, and are willing to try doing things a little differently, then this event gives you some **brilliant** best practice case studies to draw inspiration from....plus you won't be pestered by vendors. ”

British Gas

John Connolly,
Head of Innovation
British Gas

“ As I said, I would like to thank you for the amazing effort. I have not even got back and I have already started **sharing ideas** with my people, trying to involve them into some new activities I have been seeing as possible, because they have been implemented with **success** by other delegates in different but similar environments. ”

Rosario Nastasi
General Manager
XL World

“ It's a great experience in terms of networking. We met people from all over the world, better said, we met the **best** of customer service from **all over the world**. This [conference] is definitely one of the best. ”

Carla Basilio, Head of Customer Experience Management
Portugal Telecom
(7 years in contact center industry)

“ Was an **excellent 3 days**, your personal organization was superb - for you to get through that amount of presentation exactly on time was a masterstroke! The conference has started a major cultural **transformation** in our business - we will be binning attending local conferences and putting all our budget to this from now on in. ”

Commonwealth Bank
of Australia

Alastair Glass

“ First of all let me reiterate my **satisfaction** with the quality of the conference you and your team have pulled off in Orlando. The game was raised to a quality rarely seen in the past in the industry. The sessions were great, with **passionate speakers**, valuable topics with best practices and the whole thing perfectly timely managed. I recommend this conference to any call center professionals who desire to **raise the bar** to higher quality standards. Thanks. ”

Patrick Louis
VP Sales Center
Junction - 1800-GOT-JUNK

“ It feels like these conferences are just **getting better and better** each year, the caliber of the attendees and the presenters is rising and we get exceptional interaction with people from all over EMEA. The sharing of the best practices is **priceless** and I'm really looking forward to the worldwide conference in November. ”

Teleperformance

Pedro Gomes
VP International Operations
Teleperformance

“I would **recommend** this event to anyone in the contact center industry because the information shared is so beneficial for companies wishing to hear best practices and get a feel for what's going on in the industry. The information shared is **very powerful** and can greatly impact your organization. The staff and delegates are just wonderful. Networking felt more like socializing and hand shakes turned to hugs by the end of this week. **Fantastic investment** of your time if you are serious about improving your contact center or just learning best practices.”

Samantha Panto,
Associate Director
MassMutual

“The event far **surpassed my expectations** and is the most valuable contact centre conference I have attended. It was wonderful to be in a room with people who are working in the same industry, who face similar challenges and who have come up with **innovative solutions.**”

Joanna Thomas, General Manager, iSelect

“Really enjoyed the event, it was great to make so many new contacts and learn so much in such a short space of time. Managed to get some **brilliant pointers** for our strategy going forward. All the team had amazing fun at the gala dinner. **Very professionally run.** Thank you.”

It is **highly recommendable** for any contact centre professional that want to enhance their business processes and network with **industry experts** across various sectors.”

Maurius Swanepoel, Call Center Manager,

“Being a part of this conference made me realized that having 7 years experience in workforce management is still not enough. There are a lot of **strategies, processes,** different approach and perception as to how to fine tune WORKFORCE planning! This event was indeed in-line with sharing best practices, and I'm so **lucky** and **honored** to be part of the APAC group.”

Marco Angelo Burgos
